## San Diego County Office of Education

6401 Linda Vista Road, San Diego, CA 92111

Presented by Center ARTES at CSUSM, the San Diego County Office of Education and Americans for the Arts

Join us for the 2010 Arts Education Summit as we continue to present and explore strategies to ensure that our children are getting the most effective and comprehensive arts education possible. Educators, artists, administrators, parents, arts lovers, everyone...if you have an interest in the arts and education, you're invited.

## Beyond Advocacy to Action

All participants will leave with a set of tools that will help them move advocacy to action. Explore the latest research about the impact of arts on the brain with Dr. Victoria Stevens, meet with local colleagues and professionals to gain hands-on strategies to move the arts forward in our county and meet with national leaders in arts education to learn the current landscape and latest news from the Obama administration.
